Select what size banner you want to display: 10' x 4' 5' x 2'

Select the number of safety survey visits you want to have (Selection of the number of safety surveys for your project should take into consideration schedule, duration and scope. CSSI professionals recommend all applicants follow guidelines of one survey for every other month of the project. (Example: Project duration equals 12 months; then 6 surveys should be selected.)

3 Safety Inspections - \$1,650 _____ Additional Inspection(s) - \$400 /Per Inspection \$_____ Total Cost

Each additional inspection, beyond the initial 3 inspections, will be billed at \$400 per inspection.

INCLUDES: The number of visits selected (minimum of three) with detailed report; 24/7 consultation services; contact cards; hard hat stickers and a WORKSAFE banner.

EXCLUSIONS: Training, beyond what takes place during site visits; providing PPE of any kind; enforcement, of any kind, towards personnel.

Kick-Off Meeting: (All kick-off meetings will be performed through Zoom)

Yes, please schedule a kick-off meeting as indicated below No, I am not interested in a kick-off meeting for this project

WORKSAFE Qualifications:

- We agree to request a safety and health visit from IOSHA Consultation for the above project. - No Fee
- We agree to retain CSSI to assist in developing safety best practices for the project and to conduct at least two site safety surveys.

PAYMENT AND SCHEDULING: Upon receipt of the application, CSSI will invoice client for the applicable number of safety surveys. Please note, no safety survey will occur until contract invoice is paid in full. CSSI will obtain the project schedule and work with the appropriate client representative to select acceptable timeframes for safety surveys. If CSSI is not able to conduct safety surveys within the agreed to timeframes, CSSI will make a reasonable effort to conduct the safety survey at a later date. However, if, at no fault of CSSI, reasonable timeframes cannot be identified and/or safety surveys are refused by the client, CSSI reserves the right to retain a portion, if not all, WORKSAFE enrollment fees associated with the project.

I understand that consultation services are made available to me at no cost through Federal and State funds. I further understand that, following the on-site survey, I will receive a written report and that the Consultant will preserve in confidentiality all information obtained as a result of the survey. There will be no penalties or fines assessed. The results and recommendations in this report are based on the conditions that were present during our survey and on the best information available to the consultant at the time of the survey, and do not replace any other needed or required safety or health monitoring for your facility. The advice and written report of the Consultant will not be binding on an OSHA Compliance Officer in the event of an inspection, nor shall the failure of the Consultant to identify a specific hazard affect the regular conduct of an OSHA Compliance Officer.

I agree to correct all serious hazards, which are identified by the Consultant, and to allow the Consultant to confer with individual employees, as necessary during the course of the visit, in order to identify and judge the nature and extent of particular hazards. If there is a recognized employee representative, I agree to allow that representative the opportunity to participate in the opening and closing conference and to accompany the consultant and the employer's representative during the physical walk through of the workplace. In the event that serious hazards are identified in the written report, I agree to post, unedited, the List of Hazards at a prominent location where it is readily observable by all employees for three working days or until the hazard has been corrected, whichever is later.

If difficulties are encountered in correcting serious hazards within the established time frame, an extension may be granted. These extensions must be requested in writing on or before the correction due date along with an explanation of the interim protection taken to prevent injuries or illnesses. A form for that purpose is included in the written report.
