

The employer shall perform a pre-startup safety review for new facilities and for modified facilities when the modification is significant enough to require a change in the process safety information. 1926.64(i)(1)

The employer shall establish and implement written procedures to maintain the on-going integrity of process equipment. 1926.64(j)(2)

### Program Safety and Health Requirements

Programs must be initiated and maintained to provide for frequent and regular inspections of the job site, materials, and equipment by designated competent persons. 1926.20(b)(1)-(2)

The employer shall instruct each employee in the recognition and avoidance of unsafe conditions and in the regulations applicable to his work environment to control or eliminate any hazards or other exposure to illness or injury. 1926.21(b)(2)

The use of any machinery, tool, material, or equipment that is not in compliance with any applicable requirement of Part 1926 is prohibited. 1926.20(b)(3)

The employer shall permit only those employees qualified by training or experience to operate equipment and machinery. 1926.20(b)(4)

### Radiation (Ionizing)

Pertinent provisions of the Nuclear Regulatory Commission (NRC) (10 CFR Part 20) relating to protection against occupational radiation exposure shall apply. 1926.53(a)

Any activity that involves the use of radioactive materials or X-rays, whether or not under license from the Atomic Energy Commission, shall be performed by competent persons specially trained in the proper and safe operation of such equipment. 1926.53(b)

### Railings

A stair railing shall be of construction similar to a standard railing with a vertical height of 36 inches from the upper surface of top rail to the surface of tread in line with face of riser at forward edge of tread. 1926.1052(c)(3)(i)

See additional information under **Stairs**.

### Recordkeeping: Recording and Reporting Requirements

Within 8 hours after the death or the inpatient hospitalization of three or more employees, as the result of a work-related incident, you must orally report the information to the closest OSHA office or use the OSHA toll-free number, 1-800-321-OSHA (1-800-321-6742). 1904.39(a) and (b)(7)

If your company had 10 or more employees during the last calendar year, you must keep the OSHA injury and illness records using the OSHA Forms 300, 300-A, and 301, or equivalent forms. 1904.1(a)(2) and 1904.29(a) and (b)(4)
